A WHOLE

If you think about this in terms of your everyday life, it means that every third person you pass in the hallway at work, or in the grocery store, or even in your group of friends or family, may directly benefit from your donation.

THE

POWER

OF COLLECTIVE
GIVING

Make a Difference Where You Live and Work

Every dollar raised here, stays here,
in our community.

WHAT WOULD HAPPEN IF ONLY HALF OF US GAVE \$5?

IMAGINE THE POSITIVE IMPACT

If just half of us gave \$5
every 2 weeks, that would
add up to \$39.7M per year
for our 9 county area

= \$39.7 Million per year

Imagine the lasting change we could create together!

We invite you to donate a set amount of each paycheck to the United Way. Your donation funds local programs and services that help the community as a whole.
